

SHRI RAJENDRA SINGH INTERNATIONAL SCHOOL

We Seek, We Shine, We Soar

At **Shri Rajendra Singh International School**, our motto “*We Seek, We Shine, We Soar*” beautifully captures the spirit of our learning journey.

We **seek** knowledge with curiosity and determination, constantly exploring new ideas and perspectives. We **shine** through our achievements — not just in academics, but also in sports, arts, and character. Each success, big or small, reflects our hard work, creativity, and resilience. And as we continue to grow, we **soar** higher, reaching new horizons with confidence, courage, and grace.

This belief reminds every SRSIS student that learning is not limited to textbooks — it’s about seeking truth, spreading light, and flying fearlessly toward our dreams.

NOTICE

Dear Students and Parents,

As the weather has started to change, all students are hereby informed that **winter uniform will be compulsory from 1st November 2025**. Kindly ensure that students come to school in proper winter attire as per the prescribed school uniform guidelines.

Let’s stay warm, comfortable, and smartly dressed for the season ahead!

To celebrate the spirit of Diwali, students of Shri Rajendra Singh International School decorated their class boards with vibrant artwork, creative cutouts, diyas, and festive messages. The beautifully adorned boards reflected the joy and spirit of Diwali, spreading an atmosphere of warmth, happiness, and celebration throughout the school.

Adventure Trip – A Day Full of Fun and Learning

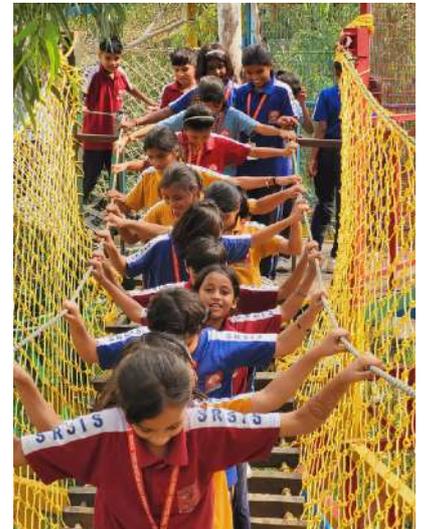

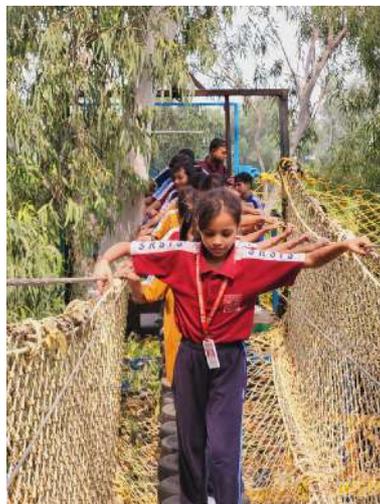

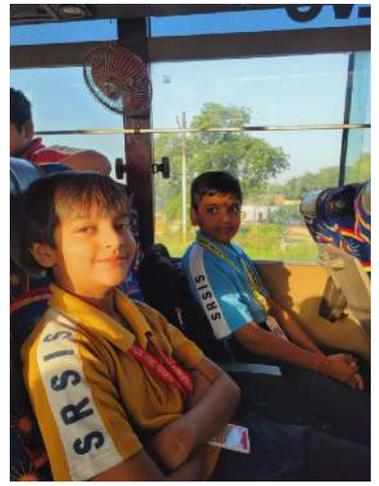

To give students a refreshing break from routine and a chance to learn beyond the classroom, Shri Rajendra Singh International School organized an exciting **Adventure Trip** for students from **Nursery to Class VIII** in October.

The day was filled with laughter, thrill, and enthusiasm as students enjoyed a range of fun-filled activities such as **ziplining, archery, bowling, and other activities.**

The trip not only offered entertainment but also helped students develop **teamwork, confidence, and a love for outdoor learning.** Delicious food, great music, and endless smiles made the day truly unforgettable.

It was a perfect blend of **fun, friendship, and adventure** — leaving students with memories to cherish for a long time!

Creative Halloween Crafts

This Halloween, students at **Shri Rajendra Singh International School** showcased their creativity through a range of exciting craft activities. Each class participated in making **spooky masks, paper bats, ghosts, and witch hats**, filling the classrooms with festive colours and imagination.

The young artists used paper, glitter, and colours to bring their spooky ideas to life. These hands-on activities not only added to the Halloween spirit but also encouraged **creativity, teamwork, and fine motor skills**. The school was truly glowing with art, laughter, and a touch of spooky charm!

Upcoming in November - Children's Day Fête

This Children's Day, Shri Rajendra Singh International School is thrilled to host a **Children's Day Fête — an event for students and by students!**

The day will be filled with excitement as students set up their own stalls featuring food, games, and creative items. Beyond the fun and celebration, the fête aims to teach students **valuable real-world skills** — from **planning and budgeting** to **teamwork, marketing, communication, and financial management**. By investing in and running their own stalls, students will get a hands-on experience of **entrepreneurship and responsibility** while enjoying a day of joy and creativity.

Let's make this Children's Day a perfect blend of learning, laughter, and lively spirit!

FUN FACTS

- **October got its name from “Octo,”** meaning *eight* in Latin — because it was the eighth month in the ancient Roman calendar!
- **Diwali is one of the brightest festivals in the world** — on Diwali night, satellite images show India glowing from space due to millions of diyas and lights.
- **October** is the only month that always ends on the same day of the week as February — no matter the year!
- **The world's largest diya (oil lamp)** was lit in Ayodhya, India, with over **21 lakh diyas** during Diwali celebrations in 2023!
- **Butterflies are most active in October** in many parts of India — a sign of post-monsoon bloom and good air quality!

Let's Clear the Air – Combating Pollution After Diwali

Diwali, the festival of lights, fills our homes and hearts with joy, laughter, and togetherness. But as the festivities come to an end, the glowing skies are often replaced by a haze of smoke and dust. The aftermath of bursting firecrackers, increased vehicular movement, and burning of waste contribute significantly to rising air pollution levels, especially in cities. This not only dulls the festive spirit but also affects the environment and our health — leading to breathing problems, irritation in the eyes, and aggravated allergies.

It's important for all of us to remember that true celebration lies in caring for the world around us. Small, mindful actions can make a big difference in reducing the impact of post-Diwali pollution.

Here are a few ways we can all contribute:

- **Go green:** Plant trees and encourage others to do the same — every sapling helps clean the air.
- **Reduce vehicle use:** Opt for walking, cycling, or carpooling to minimize emissions.
- **Improve indoor air quality:** Keep indoor plants like snake plant, aloe vera, or peace lily that act as natural air purifiers.
- **Protect yourself:** Wear masks when stepping outdoors, especially early mornings and evenings when pollution peaks.
- **Stay healthy:** Drink plenty of water, eat fresh fruits and vegetables, and avoid outdoor workouts in polluted air.

HEALTH & WELLNESS TIPS FOR THE COMING WINTER SEASON

Stay Warm & Layer Up: Wear warm, comfortable clothes in layers to protect yourself from sudden temperature changes, especially in the mornings and evenings.

Stay Hydrated: Even though it's not hot, your body still needs water. Drink warm water or herbal teas to stay hydrated and flush out toxins.

Eat Seasonal & Healthy: Include winter superfoods like carrots, spinach, mustard greens, and citrus fruits. They boost immunity and keep you energized.

Keep Indoor Air Clean: Use indoor plants, avoid burning waste, and ventilate your rooms during the day. Air purifiers or natural methods like camphor and cloves can also help reduce indoor pollution.

Steam & Salt Gargles: Regular steam inhalation and warm salt-water gargles can help keep your respiratory tract clear and prevent infections.

Boost Immunity Naturally: Consume turmeric milk, honey, ginger, and tulsi regularly to strengthen your immune system.
